

Kakela Makai Oceanview Community Association
PO Box 661
Lawai, HI 96765

Important Notice

To: General Membership
Subject: Kauai County Health Department Violation
Date: October 30, 2007

The purpose of this communication is to inform the entire membership of a serious, potential problem in our subdivision. Recently, the department of health inspected our pool facility. There were several minor deficiencies which are easily corrected. However, there is one issue that the Board of Directors felt compelled to communicate to the membership, primarily because of the potential consequences should additional violations occur.

- **Under no circumstances are any animals allowed in the pool/ clubhouse area at any time. Should this occur, the county will close the pool and levy a substantial fine.**
- **If KMOCA is cited by the Department of Health because of an animal in the pool/clubhouse area, it will be the responsibility of the association member (no matter whether it's the member's animal or an animal owned by a member's guest) to pay these costs.**
- **The pool gate should be kept closed at all times in compliance with State Law.**

Please be aware of this. If you have guests, please inform them. If you rent your home, please inform you tenants.

If there are any questions or concerns, please call our office, 808-742-6574.

Thanking you in advance for your cooperation.

Kakela Makai Board of Directors
